FOR IMMEDIATE RELEASE

INHEALTH SYSTEMS & SERVICES DONATES \$10,000 TO MAKE-A-WISH Giving back to the community.

InHealth supplies cost effective resources and product to the medical industry. For over 30 years, our mission has been to improve the profitable operation of healthcare practices through the implementation and continuing support of systems, services and products that reduce the cost of labor and liability while enhancing the practice's ability to provide quality healthcare to its patients.

In an effort to go above and beyond and give back to the community, InHealth Systems & Services has donated \$10,000 to the Make-A-Wish Foundation of Georgia and Alabama. Over the course of 5 months with the help of the sales force and customers the proceeds from new product sales will make another child's wishes come true.

InHealth has adopted fifteen-year-old Ashlee, who suffers from acute promyelocytic leukemia and who wishes to go to Atlantis. Her send off party took place on Wednesday, June 25th at their home. Ashlee's parents and two younger brothers will accompany her on her trip to Atlantis.
